

Dear PA Senate Law & Justice Committee,

My name is Michael Krawitz, I am a disabled United States Air Force Veteran and I am responsible for day to day operations of all aspects of Veterans For Medical Cannabis Access.

Veterans for Medical Cannabis Access is a voluntary Veteran's service organization focusing on medicinal access issues with our signature issue, of course, being access to cannabis based medicines.

Based upon my experience as a volunteer Veteran's patient advocate for several decades, [leading to and including the current Veterans Affairs medical marijuana policy] as well as my more formal training on cannabis, the cannabinoids and my field work setting up state medical cannabis programs for Veterans as well as work with US Congress and my interactions with the United States Court of Appeals I intend to speak to the committee on the various unique issues that Veterans face from a multidisciplinary perspective.

I am at your service.

Until then,
All the best,
Michael

Michael Krawitz Disabled / retired United States Air Force
Executive Director of Veterans For Medical Cannabis Access
USA Patient rep. for the IACM -Int'l Alliance for Cannabis Medicine.
