Summary of Senate Resolution 365, PN 1857

Prime Sponsors: Brewster and Rechenthaler

Summary

This simple resolution is an effort to protect the estimated 136,000 jobs provided by Pennsylvania's steel industry from unfair foreign competition.

The resolution provides that the Senate of the Commonwealth of Pennsylvania urge the President of the United States and Pennsylvania's elected Federal officials to fight for strong enforcement of our nation's trade laws to level the playing field with China and other countries, taking necessary action to protect the domestic steel industry from unfair foreign competition and urging the United States Department of Commerce to maintain China's nonmarket economy status to preserve the ability of United States companies and American workers to access domestic trade remedy laws.
