Amendment A00126 to H. B. 152, P.N. 0141

Adds “campus police” as individuals whose survivors are eligible for line-of-duty death benefits. Campus police include employees of state-aided and state-related universities and members of the Pennsylvania State System of Higher Education who successfully completed a campus police course of training under the Municipal Police Officer Training and Education Commission.

Enables either a university or college president to submit an application to the Department of General Services for benefits on behalf of a campus police officer.

Allows any survivor eligible for payments of benefits, or individual authorized to act on the survivor’s behalf to make an application for benefits.
