Subject: Support UnitePA Testimony on SB1

Senator Piccola,

I am writing to you in wholehearted support of UnitePA's testimony on SB1. We are all in agreement that school choice is a laudable goal, and SB1 is a good start. SB1 will benefit from modification as noted in UnitePA's testimony.

Accordingly, I trust Harrisburg will embrace solicit and act on diverse input from various individuals and grassroots groups in the next version of SB1. Please use your hearings and subsequent deliberations as a continuation of the journey in assessing options with UnitePA, the broad statewide Coalition UnitePA represents, and others.

Thank you for what you are doing in Harrisburg.

Sincerely,

Jim Vetter,
