S1: Dear Sen. Piccola,

I am the Campaign for Liberty Lancaster County chairman. I attended the Commonwealth Foundation Seminar on 1/17/10.

Disappointed is the only word that comes to mind in reference to SB1. Our organization supports School Choice, but not SB1.

We support any parent's right to send their child to the school of their choice in the pure form, i.e. that child's tax dollars are paid to the school of the parent's choice.

We do not support legislation to create another layer of bureaucracy that benefits only a select few, regardless of the rationale. In this case, taking from all taxpayers to benefit select, low income parents.

After careful review, the consensus is that SB1 does not treat all parents equally and does not address the root causes of the problem.

We believe all parents should be able to spend their "educational tax dollars" on the school of their choice. We think this is the best way to let the marketplace decide quality and encourages competition.

Please place these comments in the testimony against SB1.

Sincerely,  
Dona Witmer
