## **Summary of Amendment #A09703 to House Bill 807**

**Amendment Sponsor: MJ White**

- Further requires that:
  - The blending requirement to be created using an approved biodiesel blending method.
  - Biodiesel blend created on this Commonwealth for transfer, offer for sale or sale in this Commonwealth to be created using an approved biodiesel blending method at the time and place where the diesel fuel is loaded out of the petroleum load rack terminal.
  - Biodiesel blend created outside the Commonwealth and imported into the Commonwealth to NOT be transferred, offered for sale or sold in the Commonwealth unless it was created using an approved biodiesel blending method.
  - Diesel fuel imported into the Commonwealth will be blended with biodiesel to create biodiesel blend by an approved biodiesel blending method before the diesel fuel may be sold or offered for sale within the Commonwealth.
  
- Makes additional technical changes.
