Amendment Summary

The proposed amendment would permit the Department to “enter into cooperative agreements” with other organizations to provide administrative support to the commission. This amendment is intended to reduce the anticipated cost to the Department to implement the bill by allowing it to partner with stakeholder organizations to provide administrative support for the commission. The amendment also provides a sunset date for the commission of four years, and also provides that the commission may make recommendations to the General Assembly, including recommendations related to its sunset date, prior to its termination.
