Senate Bill 110
Senator Smucker

Printers Number 181
Referred: 02/06/2009

Senate Bill 110 amends Pa.C.S. Title 74 (Transportation) by requiring that certain information be provided about any passenger flights undertaken using the Commonwealth's aircraft and that this information be maintained upon the Department of Transportation's website.

The log of information shall be required to be updated at least monthly and shall include as follows:

- Flight date and identification number
- Agency name requesting the flight
- Aircraft designation
- Originating and destination cities-inclusive of all takeoffs and landings
- Departure and arrival times
- All passengers including first and last names and title
- Public purpose for the trip
- Total hours
- Invoice amount
- All information shall be searchable by categories listed above

The provisions of this legislation are intended to reflect the recommendations of the Auditor General's report of September 2007 indicating that greater scrutiny be applied to the use of the Commonwealth's Aircraft.

This bill is a reintroduction of Senate Bill 1201 from last session which was approved by the Senate 50-0 but was not taken up by the House of Representatives.
